

COVER SHEET
EN ROUTE/EXIT MASTER'S PROGRAM PROPOSAL
Graduate School Office of Academic Affairs

This cover sheet serves as notification to UW administrative offices about the structure of the proposed academic program. If information included in this form changes after approval, it is the responsibility of the academic unit to notify the relevant administrative office directly.

Please see instructions for each field starting on page 3.

The administrative elements of the program will be the same as the existing PhD program, including funding model and funding source, tuition tier, cost of the program to students, delivery mode, and delivery location. The admissions process will be different, as students are not directly admitted into en route/exit master's degrees.
